Company Background

Our Story

Xtreme Trading was established on 19 May 2018, founded by Mr. Semoise Moorcroft.

Mr. Moorcroft has worked as a qualified Welder for various construction companies. Seeing a gap in the market, he decided to start his own company as he saw that there was a lack between reasonable prices and quality of work.

Xtreme has been trading with Kumba Iron Ore for 6 years and we pride ourselves In the quality of work we provide as it is top tier.

We have a dedicated team that believes in excellence in all we do.

Vision & Mission

Vision

Our aim for the company is to render quality service to the mines and become a respected name in the construction and engineering world.

Mission

Our mission is to achieve profitable business expansion by forging strategically positioned alliances and fostering sustainable growth. We are committed to attracting and retaining customers through a consistent record of positive development and delivering acceptable returns. By investing in ongoing research and development and adopting innovative technologies, we aim to enhance productivity and efficiency.

We conduct all activities with professionalism and adhere to the highest standards of excellence, ensuring that our operations reflect integrity and reliability. Recognizing the value of our employees, we actively support their personal and professional growth, striving to attract and retain top talent.

Through knowledge-sharing and resource empowerment, we enable our team to act responsibly and in alignment with the shared values of our stakeholders, ensuring a collaborative and sustainable approach to success.

Services

Manufacturing, Installation and Servicing of Steel Works

Specialising in comprehensive steel solutions, we provide high-quality manufacturing, professional installation, and reliable maintenance services tailored to meet the needs of diverse projects.

Electrical services

Delivering expert electrical solutions, we ensure safe, efficient, and cost-effective services for residential, commercial, and industrial applications.

Labour hire

Offering skilled and reliable personnel for various industries, we ensure that clients have access to a workforce that aligns with their project requirements and goals.
